expand your political science knowledge with a book that explains concepts in a way anyone can understand the global political climate is dynamic at times even volatile to understand this evolving landscape it's important to learn more about how countries are governed political science for dummies explores the questions that political scientists examine such as how our leaders make decisions who shapes political policy and why countries go to war the book is the perfect course supplement for students taking college level introductory political science courses political science for dummies is a guide that makes political science concepts easier to grasp get a better understanding of political ideologies institutions policies processes and behavior explore topics such as class government diplomacy law strategy and war learn the specialized vocabulary within the field of political science help prepare for a range of careers from policy analyst to legislative assistant political science crosses into many other areas of study such as sociology economics history anthropology international relations law statistics and public policy those who want to understand the implications of changing political economies or how governing bodies work can look to political science for dummies it's the book that cuts through the jargon as it focuses on issues that interest readers

bringing together african and international scholars this book gives an account of the present state of the discipline of political science in africa generating insights into its present and future trajectories and assessing the freedom with which it is practiced tackling subjects including the decolonization of the discipline political scientists as public intellectuals and the teaching of political science this diverse range of perspectives paints a detailed picture of the impact and relevance of the political science discipline on the continent during the struggles for democratization and the influence it continues to exert today

the ibss is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

the crisis of western civilization is a crisis of public philosophy this is the charge of public philosophy and political science a stunning new collection of essays edited by e robert statham jr vividly cataloging the decay of the moral and intellectual foundations of civic liberty the book portrays a generation of americans alienated from institutions built on public philosophy the work exposes the failure of america s political scientists to acknowledge and understand this alarming crisis in the american body politic the distinguished contributors examine the evolution of public philosophy the inextricable relationship between politics and philosophy and the interplay between public philosophy the constitution natural law and government they reveal the dire threat to deliberative democracy and the fundamental order of constitutional society posed by public philosophy s waning power to refine cultivate and civilize the work is an indictment of a society which has discarded a way of life rooted in natural law democracy and the traditions of civility and is a denunciation of an educated elite that has divorced itself from the standards upon which public philosophy rests it is essential reading for philosophers and political and social scientists seeking to resurrect the standards of american public life

this book is the first intersectionality mainstreamed textbook written for introductory political science courses

in this volume the study of legislatures has traditionally been a central preoccupation of political scientists legislatures provide good laboratories for testing theories and methodologies of significance in the discipline and more broadly for contributing to an understanding of how representative government works

moving beyond previous scholarship he gives us a locke as much concerned with the effective functioning of government as with the roots of its moral legitimacy book jacket

the theme of this book is that politics consists of certain fundamental issues which are constants they permit alternative solutions and form the unbroken threads unifying the experiences of all countries and centuries lipson explains these issues in the context of their history and philosophy he has interpreted the alternative solutions to the issues by examples chosen from different times and places by comparing governments of contrasted types and by the array

of opposite philosophies this edition continues the themes and mode of analysis of its predecessors but augmented with ideas and material drawn from events of the past 10 years the comparative range has been extended contemporary controversies over the role of the state in the economy and decentralization of government over the buildup of armaments and the quest for a lasting peace are considered in the light of the great enduring issues
